- Totem Signs
- Shop Front Signs
- Molded Letters

TOTEM SIGNAGE

These signs are precisely cut and fabricated to create a three-dimensional effect. In 3D lettering the raised elements and sharp edges of these signs make them visually appealing and attention-grabbing. We are specialized in molded / embossed letter fabrication.

OUR

SIGNAGE
SOLUTIONS

MOLDED / EMBOSSED LETTERS

The obvious one is how eye-catching they are and in turn how much your shop front, or business premises will stand out when they are used. A bold, moulded sign suggests an air of professionalism and pride in the message the sign represents. Moulded letters bring the sign to life and can convey a variety of impressions depending on the design used. Formal fonts and layouts with a 3D appearance can create a sense of class or seriousness.
